Feature #2

- Pro 4's (15 Laps)
- Pure Stocks (20 Laps)
- Mini Stocks (20 Laps)
- Super Stocks (20 Laps)
- CVM's (20 Laps)
- Pro LM's (30 Laps)

Drivers please remember all transponders must be mounted out of the car and as low as possible.

Please remember all Flamboro race teams must have a working One Way radio or scanners programmed to 454.000 are mandatory. Teams using 2 way communication, must have a team member with a One Way at the minimum. It's highly recommended for driver to have in their possession. This is a techable item.

Transponders are mandatory at Flamboro Speedway. You can buy them for \$280.00 or rent them for the evening at \$20.00. Failing to have one will result in you not being scored. Please make sure you have one.

Questions, comments and concerns?
